NARRATIVE:

Charles Geldard has an extensive adult criminal history that began at the age of 20. His convictions include manslaughter/murder, several burglaries, several assaults with a deadly weapon, battery, receiving stolen property, soliciting lewd acts, possession of cocaine for sale, receiving stolen property, fraudulent checks, petty thefts, bringing contraband in jail, possession of controlled substances for sale, possession of narcotics, disturbing the peace, resisting a peace officer, possession of controlled substances paraphernalia and parole violations. He has served multiple state prison terms, the longest being a 4 year term for possession of cocaine for sale. Geldard was released from state prison to the supervision of the Los Angeles County Probation Department on December 20, 2015. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in January 2016 after he absconded from post release community supervision (PRCS). Geldard qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for bringing contraband in jail is defined as non-serious and non-violent under the California penal code. His criminal history and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
